

# SLIMLINE LITE II™ 17.0 SMART CARD READER

Rack Drawer Flip-up LCD Monitor/Keyboard/Trackball with Built-in Common Access Card Reader

In addition to its standard flip-up display with integral keyboard and trackball, this rugged SlimLine Lite II features a built-in, USB-powered Smart Card (CAC) reader for areas where secure access is essential.

The compact enclosure can be configured as a “laptop,” or equipped with solid-bearing locking slides for rack mounting.

At only 2U (3.50”) high, the low profile design and industrial durability combine with General Digital’s legendary configuration control to create a product with a long life cycle.

The SlimLine Lite II Series is used in many industrial and military environments alike.

The Smart Card reader is placed for easy access by authorized personnel

## FEATURES

- ▶ 17.0” LCD, 1280 x 1024 resolution
- ▶ Built-in, front-mounted Common Access Card (Smart Card) reader
