

# TWOVIEW 2 VERTICAL SERIES

Dual Flip-Up Displays with Integral Keyboard and Trackball in a Low Profile Rack Mount Enclosure

The **TwoView 2 Vertical™** is designed to provide the operator with the maximum amount of visual information while occupying minimal storage space. The monitors deploy vertically for maximum benefit in horizontally space-constrained environments.

The vibrant, high performance dual displays can be positioned at a variety of angles to minimize operator strain. Designed for operation in commercial and industrial environments, several video inputs are available, such as VGA, DVI, HDMI, and DisplayPort.

A lightweight, all-metal enclosure of steel and aluminum will provide years of reliable service.

## FEATURES

- ▶ Standard dual display sizes of 17.3" and 19.0" (other display sizes and special designs available upon request)
- ▶ Top display can be locked in place
- ▶ Low profile when stowed occupies only 2U (3.50") or 3U (5.25") of rack space
- ▶ Mounts directly to EIA-310 RETMA 19" racks via solid-bearing, locking slides without requiring an additional rack adaptor
- ▶ AC operation standard; DC operation optional
- ▶ Industrial-grade design
- ▶ Easy access to OSD keypads on keyboard tray
- ▶ Can be configured with multiple commercial keyboards
- ▶ Designed, manufactured, tested, serviced in the U.S.A.

## OPTIONS

- ▶ Compliance with radiated and conducted EMI requirements (e.g., MIL-STD-461, TEMPEST)
- ▶ Keyboard/trackball options, sunlight readable and/or NVIS-compatible backlights, custom firmware, more
- ▶ Extended warranties
